March 24, 2014

Dear Sir or Madam:

It is my pleasure to provide a letter of support for the Hinchinbrook Farm Society, for their funding application to the United Way of Lunenburg County.

Hinchinbrook Farm has been a great supporter of Bridgewater Jr. Sr. High School's Options & Opportunities program for the last 3 years. The farm has been providing meaningful cooperative education placements for students wishing to explore Health & Human Services as future career options and well as Veterinary Medicine and Animal Health.

The farm's unique environment and training opportunities gives our students a well-rounded view of the diversity of individuals in our communities and the opportunities within for themselves and others.

I feel Hinchinbrook Farm is an excellent community organization that offered an enriched experience for our students as they explore career paths. It is a great example of a community minded organization that gives back to its wider community.
