Lunenburg Campus

March 11, 2014

Dear Sir or Madam;

It is a pleasure to provide a letter of support for the Hinchinbrook Farm Society, for their funding application to the United Way of Lunenburg County.

NSCC Lunenburg has enjoyed having Hinchinbrook staff and volunteers take part in our Community Connections events, where our learners have the opportunity to know more about potential volunteer opportunities for them in our region.

The training and experience that volunteers receive at Hinchinbrook Farm provide excellent avenues to explore potential career paths, particularly those interested in the human services fields. On our own campus, volunteers have pursued Continuing Care and Community Disability Supports programs.

I see Hinchinbrook Farm as an excellent community organization that offers rich exposure to our citizens for learning, healing and contributing to community well-being.
