Letter of Support for Hinchinbrook Farm

The Municipality of Lunenburg Recreation Department has been working in partnership with Hinchinbrook Farm through our PRO Kids program for a couple years now. PRO Kids helps families in financial need access recreation, sport, cultural or extra- curricular activities that they otherwise could not afford for their children.

Hinchinbrook offers a valuable service to families who have children with challenges. I am not aware of anyone else offering this unique service in our community. We have had a good number of repeat applicants for Hinchinbrook programs, which speaks to me the quality of the programs they provide. The number of volunteers involved also shows great community support.

Being a non-profit organization, depending on volunteers and fundraising, I am sure additional funding available to them would certainly be of benefit to our community.

If further information is needed, please contact the undersigned.

Thank you.
